- **No griefing.** No exceptions. We are PvE ONLY! This means no interfering with other players in negative ways. - **Cheats are not allowed in game.** This includes the use of bugs/exploits. Please bring them to the administration's attention by creating a thread in #help\_me so we can address the issue. - **Do not post illegal information in any shape or form.** This includes, but is not limited to, leaked intelligence and state secrets.

## In-game Rules

- **Intentional destruction of containers in important loot areas may be treated as griefing.**

This includes military bases, pawn stores, police stations, etc.

- **If you find a game-breaking exploit, please let us know.**

If you are the recipient of bugged items, create a thread in #help\_me so an admin can assist you.

- **Please keep your voice chat concise!**

It can be challenging to hear over one another in populated channels.

- **No political nonsense.**

Keep the conversation away from politics.

- **Before repeating common questions, check out FAQs and Common Controls on our Wiki:**

[FAQ and Common Controls](#)

- **Limit server and mod suggestions to #`mod_suggestions` only.**

To keep discussions organized, please post any server or mod suggestions in the designated channel.
